

COLOCATION AT SDC STOLNIK

Maximum security
and support of your business

Location matters!

SDC Stolnik is a 20-minute drive from Sofia Airport, on the territory of Data Center Park Stolnik, next to the largest power substation on the Balkans.

LOCATION, LOCATION, coLOCATION

Why use a data center?

- Focus on your core business, leaving all support to us (new opportunities)
- You receive reliable, uninterrupted and redundant services (security)
- You use already built infrastructure (costs-savings)
- You have 24/7 professional support (convenience)
